Dear Sir:

In response to the Office Action dated 12/17/2003, please consider the following:

In the Claims:

Please amend Claim 1 as follows:

(Currently amended): A male urinary system comprising: 1.

a penis/urinary collection penis/urinary collection interface unit, said penis/urinary collection interface unit comprising a primary receiver unit for accommodating at least a portion of the length of a male penis during urination, configured for juxtaposition to and temporary seating against the adjacent pubic area, and a secondary containment unit in which said primary receiver unit is at least partially nested with proximal margins of said secondary containment unit and said primary receiver unit being fused to
